B. as much as possible, considering the child's age, the child's needs, and the case plan, include the child in the daily life of		
the family, including eating meals with the family and participating in recreational activities.		
Subp. 4. Statement of intended use. The license holder must work with the licensing agency to develop a statement of		
intended use. The statement of intended use must specify:		
A. the number of children the foster home is licensed for, the age range of children to be placed in the home, and any		
limitations affecting the placement of children in the home;		
B. whether or not the home will serve as an emergency shelter home, a treatment foster care home, or a home for		
medically fragile children; and		
C. circumstances when the ratio of one adult to five children does not need to be maintained.		
The statement of intended use must be approved by the licensing agency, but may be modified at any time by agreement		
between the licensing agency and the license holder to reflect changes that affect the placement of children in the home.		
Subp. 5. <b>Program outcomes.</b> The license holder must cooperate with the licensing agency's attempt to determine the		
outcomes of a child's foster care placement. The outcome information must be shared with the license holder and incorporated		
into the evaluation process outlined in part 2960.3100, subpart 1, item G.		
Subp. 3. License does not guarantee placement. Licensure under parts 2960.3000 to 2960.3340 is not an entitlement, a

choose which licensed foster home is best suited for an individual child in need of foster care placement.		
Subp. 4. License not transferable. A license under parts 2960.3000 to 2960.3340 is not transferable to another person,		
entity, or site.		
Subp. 5. Commissioner's right of access. The commissioner of corrections must have access to a Department of		
Corrections licensed foster home according to Minnesota Statutes, section <u>241.021</u> .		
Subp. 6. Limited licensure. A license holder may be licensed through only one Minnesota-licensed child placing agency or		
county social services agency at a time. A license holder must not be licensed at the same time by both the DHS and the		
DOC. A license holder must not simultaneously hold a relative foster care emergency license issued according to Minnesota		
Statutes, section <u>245A.035</u> , and a separate foster family setting license issued under this chapter.		
Subp. 7. <b>Notice of changes in household conditions.</b> The license holder must immediately notify the licensing agency of		
foster home and foster family or household member changes that effect the terms of the license or the ability of the license		
holder to provide care to children.		
Roomers and boarders. A LH must not have adult roomers or boarders in the foster home without the licensing agency's		
approval. Roomers or boarders are subject to an applicant background study according to part <u>2960.3060</u> , subpart 2.		
Subp. 10. Other licenses. A license holder cannot concurrently hold a license for family child care or adult family foster care		
without a variance from the licensing agency.		
Subp. 11. <b>Denial of license.</b> The commissioner of corrections shall deny a license if the applicant fails to fully comply with		
laws or rules governing the program or fails to cooperate with a placing or licensing agency. Failure to fully comply shall be		
indicated by: A. documentation of specific foster home deficiencies that may endanger the health or safety of children; B.		
failure to be approved by fire, building, zoning, or health officials; C. documentation of a disqualification of the applicant for		
licensure or relicensure, or the controlling individual regarding a background study which has not been set aside; or D. any		
other evidence that the applicant is not in compliance with applicable laws or rules governing the program.

Subp. 12. <b>Department of Corrections licensed foster homes.</b> Foster homes licensed by the DOC under chapter 2925 and	
MN Statutes, section 241.021, subd 2, at the time of the adoption of this chapter, may continue to be licensed as foster homes	
by the DOC, acting as the licensing agency. Foster homes that are licensed by the DOC must meet the standards in parts	
2960.3000 to 2960.3340. The DOC will use the standards in this part to issue or deny a foster care license.	
<b>2960.3030 CAPACITY LIMITS.</b> Subpart 1. <b>Maximum foster children allowed.</b> A foster home must have no more than 6	
foster children. The maximum number of children allowed in a home is 8, including a foster parent's own children.	
Subp. 2. Capacity limits. The capacity limits in items A to C apply to foster homes. A& B not applicable to DOC homes	
C. The number of foster children a foster home may accept must be limited based on the factors in subitems (1) to (5):	
(1) the LH's ability to supervise, considering the adult-to-child ratio; (2) the LH's training, experience, and skills related to child	
care; (3) the structural characteristics of the home; (4) the LH's ability to assist children in the home during emergencies; and	
(5) the characteristics of the foster children, including age, disability, and emotional problems.	
Subp. 3. Exceptions to capacity limits. A variance may be granted to allow up to eight foster children in addition to the	
license holder's own children if the conditions in items A to E are met:	
placement is necessary to keep a sibling group together, to keep a child in the child's home community, or is necessary	
because the foster child was formerly living in the home and it would be in the child's best interest to be placed there again; A	
foster home licensed by the Department of Corrections need not meet the requirement in item A.	
A. there is no risk of harm to the children currently in the home;	
B. the structural characteristics of the home, including sleeping space, can accommodate the additional foster children;	
C. the home remains in compliance with applicable zoning, health, fire, and building codes; and	
D. the statement of intended use states the conditions for the exception to capacity limits and explains how the LH will

or any other room normally used for purposes other than sleeping. Bedrooms that are used by foster child must have two exits.	
Subp. 3. Space for belongings. A foster child must have an identified space for clothing and personal possessions with	
cabinets, closets, shelves, or hanging space sufficient to accommodate clothing and personal possessions.	
Subp. 4. <b>Dining area.</b> The dining area must be able to accommodate, at one time, all persons residing in the home.	
Subp. 5. Construction or remodeling. Changes in a foster home resulting from construction or remodeling must meet	
applicable building codes. The license holder must notify the licensing agency of changes to the licensed setting resulting from	
construction if those changes affect a licensing requirement.	
2960.3050 FOSTER HOME SAFETY.	
Subpart 1. Inspection by licensing agency. Prior to licensure, the foster home must be inspected by a licensing agency	
employee using the home safety checklist from the commissioner of human services. The applicant must correct deficiencies	
in the foster home which were identified by the agency. The licensing agency may require a health inspection if the foster	
home's condition could present a risk to the health of a foster child.	
Subp. 2. Fire code inspections required. If one of the conditions in items A to E exist, the foster home must document	
inspection and approval of the foster home according to Minnesota Statutes, section 299F.011, and the Uniform Fire Code by	
the state fire marshal or a local fire code inspector who is approved by the state fire marshal:

evacuation routes. Emergency procedures must include a plan for care of children, evacuation, temporary shelter, and	
gathering at a meeting place to determine if anyone is missing. The plan must specifically address the needs of children whose	
behavior increases the risk of having a fire. The foster parent must give the emergency procedures to the agency, and the	
foster parent and licensing agency must review the emergency procedures during relicensure.	
Subp. 4. <b>Pets.</b> A foster home serving children less than six years of age must not keep reptiles, chickens, or ducks as pets. A	
foster home serving children six years of age and older that keeps reptiles, chickens, or ducks as pets must require a thorough
